How proven is the Huwa Cattle program? Ninety-eight percent of the bulls offered in this sale qualify for the Certified Angus Beef Targeting the Brand program. The first two load lots of herd mates harvested in 2018 through the Huwa Reserve Natural Beef program were 100 percent CAB and 58

percent prime. Ninety percent of the sale bulls are out of the ET program—proven, consistent quality in quantity. What's more, these bulls are rancher affordable. All sale bulls have value-added, GeneSeek®-enhanced EPD profiles and are easy on the eyes.

11 EPDs in the top 10 percent of the breed!
